Welcome to the 2020 Charleswood United Church Women's Advent Service. This annual event is planned by the women of our congregation as an opportunity to gather in community and prepare their heart and soul for the season ahead. It is our hope that you will receive this year's online version in that same Spirit. May it bring you tidings of comfort and joy and fill your heart with peace.

We invite you to share this service with others by forwarding this letter or sharing the link. It has been created in the hope that all are welcome as we worship together.
