

Welcome to Christmas Eve at Charleswood United Church.

We have moved our service to an online format in order to preserve the health and safety of all concerned and to comply with Public Health Orders. Nonetheless, we extend our warmest and deepest greetings to you wherever you may be and however you are joining us. You are welcome here.

This is a communion service. If you choose to share in the communion during the service you may wish to prepare elements prior to viewing. While bread and juice are customary in our tradition you are welcome to substitute other simple gifts such as crackers and water.

All of us at Charleswood wish you a Merry Christmas and an abundance of blessings for the New Year.
