July Climate Tidbit

While armed conflicts continue, 2026 is forecast to bring a super El Nino which will make fall/winter disasters more frequent, intense and last longer. Nature and people living where these climate disasters take place, experience often dramatic harm on top of losses from war.

ACTION TIP: Stay aware of places (close to home or far away) where climate disasters are worsening and as you are able, GIVE personal (time, money, energy, prayer) resources.

The cupboard is looking bare and that puppy will soon be hungry! We kindly ask that you share one or two homemade or Mrs. Safeway-made treats with The HeBrews Café. A sweet treat goes very well with coffee. Please label all allergens. Thank you.
